Description of the Event:	<p>A workshop on Mock Interview Session was conducted by CMC Ltd. as a step towards preparing students for placement interviews.</p> <p>The guests were welcomed by the placement in charge Ms. Neha Jain. Mr. Abhishek introduced the students to CMC Ltd. Then he went on to brief them about the differences in the academic and corporate world. He guided them towards improving their personality and technical skills which would help them excel in their placement interviews.</p> <p>Mr. Mishra gave an overview of JAVA to the students. He discussed the features of core as well as advanced JAVA. He asked many questions related to core JAVA which are generally asked in interviews. He also helped students to answer these questions and thus cleared all their doubts in an effective manner. This helped students in enhancing their knowledge and interview skills.</p> <p>Question answer round at the end of the session made it very interactive and was of great benefit to the students.</p>
