### “Mock Interview Session”

<b>Topic :</b>	Mock Interview Session
<b>Date of event :</b>	March 17 , 2011
<b>Aim of the Event</b>	<p>A mock interview is an emulation of an interview used for training purposes. The interview tries to resemble a real interview as close as possible, and provide experience for the candidate. Believing in all-round development of our students, RDIAS arranged a session on personal interviews for MCA IV students in order to judge their HR credibility along with two technical rounds (C, OS &amp; C++ and DBMS).</p>
<b>Description of the event</b>	<p>The interviews were taken by panel members, the panel consisting of expert faculty members. In the technical session, students were questioned on the topics like C and C++, Operating System and DBMS. In HR Round the panel evaluated the student's confidence, communication skills, attitude, body language etc. The main purpose of this mock interview session was to identify the level of technical knowledge and to prepare them for their final placement along with their overall development.</p> <p>Students displayed great interest in the mock interview session and found it very useful for their career development.</p>
