### "Mock Interview Session"

Topic :	Mock Interview Session
Date of event :	August 19 , 2011
Aim of the Event	<p>Mock interviews are designed to help those preparing for placements/ job interviews and personality assessment sessions. Believing in all-round development of our students, RDIAS arranged a session on mock interviews for the students of MCA V in order to judge their technical skills on C++ language. The main aim of the session was:-</p> <ul style="list-style-type: none"><li>✓ To help identify themes/issues/range of questions which may be asked at interview for a specific role</li><li>✓ Give the opportunity to frame answers to questions and to think about specific examples.</li><li>✓ Help to identify gaps with the answers furnished by the interviewee and suggest ways to improve strategy and technique.</li><li>✓ Guide to further resources and tips, to assist in preparation for interview</li></ul>

Description of the event	<p>The interviews were taken by panel members, the panel consisting of expert faculty members. In the session, students were questioned on the topic related to the C++ language. Students were evaluated on parameters like knowledge level, understanding of subject, confidence, communication skills, attitude, body language etc. The main idea behind this session was to help the students' visualize their career path and instill in them a strong sense of direction and to prepare them for their final placement along with their overall development.</p> <p>Students displayed great interest in the mock interview session and found it very useful for their career development.</p>
