“Mock Interview Session”

Topic :	Mock Interview Session for students of MCA V Semester
Date of event :	August 5, 2011
Aim of the Event	Mock Interview is an emulation of an interview scenario used primarily for training purposes. The session tries to resemble a real interview as close as possible and provide experience to the candidates. Believing in all round development of our students, RDIAS had arranged personal interviews of MCA V students in order to judge their HR credibility.
Description of the event	<p>The interviews were taken by a panel consisting of expert faculty members. Students were asked questions from their subject area and also general questions which would help the faculty understand the personality and preferences of the students.</p> <p>Students were evaluated on parameters like confidence, communication skills attitude, body language etc. The main idea behind this session was to help the students' visualize their career path and instill in them a strong sense of direction and focus related to their work.</p> <p>It is noteworthy that the students were also given individual feedback related to their performance in the interview.</p> <p>It is hoped that the students recognize the worth of all the efforts being put in for their future and that they dwell upon the areas in which they need improvement.</p>
