An ISO 9001 : 2008 Certified Institute

"Mock Interview Session"

| | |
|---------------------------------|---|
| Topic : | Mock Interview Session for MCA V students |
| Date of event : | September 23 , 2011 |
| Aim of the Event | A Mock Interview is one of the very best ways to prepare for an actual employment interview. It focuses on how well you know yourself and your past experiences, how well you know the industry you hope to enter, and how well you can convey that information. You will gain the most experience from your Mock Interview, if you treat it like an actual interview. The Mock Interview is a safe place to practice your interview skills and gain feedback. Believing in all-round development of our students, RDIAS arranged a session on mock interviews for MCA V students in order to judge their technical skills on Networking. |
| Description of the event | The interviews were taken by panel members, the panel consisting of expert faculty members. In the session, students were questioned on the topic related to the Networking. Students were evaluated on parameters like knowledge level, understanding of subject, confidence, communication skills, attitude, body language etc. The main idea at the behind this session was to help the students' envision their career path and instill in them a strong sense of direction and to prepare them for their final placement along with their overall development. Students displayed enthusiasm in the mock interview session and found it very helpful for their career development. |
